37 provisions hereof.

1 (2) Any employee of the Washington state patrol, upon date of
2 commissioning, shall be eligible to participate in the retirement plan
3 and shall start contributing to the fund immediately. Any employee of
4 the Washington state patrol employed by the state of Washington or any
5 of its political subdivisions prior to August 1, 1947, unless such
6 service has been credited in another public retirement or pension
7 system operating in the state of Washington shall receive full credit
8 for such prior service but after that date each new commissioned
9 employee must automatically participate in the fund. If a member shall
10 terminate service in the patrol and later reenter, he shall be treated
11 in all respects as a new employee.

12 (3)(a) A member who reenters or has reentered service within ten
13 years from the date of his termination, shall upon completion of six
14 months of continuous service and upon the restoration of all withdrawn
15 contributions, plus interest as determined by the director, which
16 restoration must be completed within five years after resumption of
17 service, be returned to the status of membership he earned at the time
18 of termination.

19 (b) A member who does not meet the time limitations for restoration
20 under (a) of this subsection, may restore the service credit destroyed
21 by the withdrawn contributions by paying the amount required under RCW
22 41.50.165(2) prior to retirement.

23 (4)(a) An employee of the Washington state patrol who becomes a
24 member of the retirement system after June 12, 1980, and who has
25 service as a cadet in the patrol training program may make an
26 irrevocable election to transfer the service to the retirement system.
27 Any member upon making such election shall have transferred all
28 existing service credited in a prior public retirement system in this
29 state for periods of employment as a cadet. Transfer of credit under
30 this subsection is contingent on completion of the transfer of funds
31 specified in (b) of this subsection.

32 (b) Within sixty days of notification of a member's cadet service
33 transfer as provided in (a) of this subsection, the department of
34 retirement systems shall transfer the employee's accumulated
35 contributions attributable to the periods of service as a cadet,
36 including accumulated interest.

37 (5) A member of the retirement system who has served or shall serve
38 on active federal service in the armed forces of the United States
39 pursuant to and by reason of orders by competent federal authority, who

1 left or shall leave the Washington state patrol to enter such service,
2 and who within one year from termination of such active federal
3 service, resumes employment as a state employee, shall have his service
4 in such armed forces credited to him as a member of the retirement

9 became a member of the retirement system prior to June 12, 1980, and
10 who has prior service as a cadet in the public employees' retirement
11 system may make an irrevocable election to transfer such service to the
12 retirement system within a period ending June 30, 1985, or, if not an
13 active employee on July 1, 1983, within one year of returning to
14 commissioned service, whichever date is later. Any member upon making
15 such election shall have transferred all existing service credited in
16 the public employees' retirement system which constituted service as a
17 cadet together with the employee's contributions plus credited
18 interest. If the employee has withdrawn the employee's contributions,
19 the contributions must be restored to the public employees' retirement
20 system before the transfer of credit can occur and such restoration
21 must be completed within the time limits specified in this subsection
22 for making the elective transfer.

23 (7) An active employee of the Washington state patrol who either
24 became a member of the retirement system prior to June 12, 1980, or who
25 has prior service as a cadet in the public employees' retirement system
26 may make an irrevocable election to transfer such service to the
27 retirement system if they have not met the time limitations of
28 subsection (6) of this section by paying the amount required under RCW
29 41.50.165(2) less the contributions transferred. Any member upon
30 making such election shall have transferred all existing service
31 credited in the public employees' retirement system that constituted
32 service as a cadet together with the employee's contributions plus
33 credited interest. If the employee has withdrawn the employee's
34 contributions, the contributions must be restored to the public
35 employees' retirement system before the transfer of credit can occur
36 and such restoration must be completed within the time limits specified
37 in subsection (6) of this section for making the elective transfer.

38 (8) An active employee of the Washington state patrol may establish
39 up to six months' retirement service credit in the state patrol

1 retirement system for any period of employment by the Washington state
2 patrol as a cadet if service credit for such employment was not
3 previously established in the public employees' retirement system,
4 subject to the following:

5 (a) Certification by the patrol that such employment as a cadet was
6 for the express purpose of receiving on-the-job training required for
7 attendance at the state patrol academy and for becoming a commissioned
8 trooper.

9 (b) Payment by the member of employee contributions in the amount
10 of seven percent of the total salary paid for each month of service to
11 be established, plus interest at seven percent from the date of the
12 probationary service to the date of payment. This payment shall be
13 made by the member no later than July 1, 1988.

14 (c) If the payment required under (b) of this subsection was not
15 made by July 1, 1988, the member may establish the probationary service
16 by paying the amount required under RCW 41.50.165(2).

17 (d) A written waiver by the member of the member's right to ever
18 establish the same service in the public employees' retirement system
19 at any time in the future.

20 (9) As authorized by RCW 41.40.092, an active employee of the
21 Washington state patrol who has prior or current service as a
22 commercial vehicle enforcement officer or a commercial vehicle officer
23 in the public employees' retirement system may make an irrevocable
24 election to transfer such service to the Washington state patrol
25 retirement system. The election shall be open to the member until one
26 year from the effective date of this section or, if not an active
27 employee on the effective date of this section, then within one year of
28 returning to commissioned service, whichever date is later. If a
29 qualifying member makes such an election within the time specified:

30 (a) If the employee has withdrawn his or her contributions, the
31 contributions must be restored to the public employees' retirement
32 system before the transfer of credit can occur and such restoration
33 must be completed within the time limits specified in this subsection
34 for making the elective transfer;

35 (b) The department shall transfer all existing service credited in
36 the public employees' retirement system which constituted service as a
37 commercial vehicle enforcement officer or a commercial vehicle officer
38 from the public employees' retirement system to the state patrol
39 retirement system; and

1 (c) The department shall transfer all contributions made by the
2 employee to the public employees' retirement system while employed as

5 retirement system to the state patrol retirement system.

6 (10) The department of retirement systems shall make the requested
7 transfer subject to the conditions specified in subsections (6) and (7)
8 of this section or establish additional credit as provided in
9 subsection (8) of this section. Employee contributions and credited
10 interest transferred shall be credited to the employee's account in the
11 Washington state patrol retirement system.

12 NEW SECTION. Sec. 4. Section 1 of this act expires March 1, 2002.
